- MongoDB
- Gulp
- Webpack
- Git
- Github
- Heroku

## EMPLOYMENT

### **DQ Grill & Chill, Columbia City IN**

- Increased the accountability and efficiency of shift teams
- As lead trainer of the customer service team, I created metrics and standards to hold new trainees accountable that went above and beyond the company minimums
- Adept at handling intricate customer service situations in person and via telephone

### **Institute for Excellence in Writing, LLC May 2012–2015**

- Interacted with new and established clients to find the best solution for their needs
- Operated as the face of the corporation, from approaching potential customers and showcasing the product to completing their order forms and methods of payment

## EDUCATION

### **Verus Academy**

- High School Graduate 2016

### **Eleven Fifty Academy, Accelerated Learning Program January 2017-March 2017**

- Twelve week immersion into Javascript, focusing not only on the basics of vanilla Javascript but also developing full-stack applications in both individual and team settings

### **Classical Suzuki Piano**

- Thirteen years of formal lessons, with performances three times a year
- Accompaniment work with soloists and small groups of performers for recitals, concerts, and festivals
